NOTIFICATION OF TRANSLITERATION ERROR IN DECLARATION AND SUBMISSION OF SUBSTITUTE DECLARATION

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450 THE COLUMBIANCE OF A CONTROL TO GO TO SECOND T

Sir:

In the Declaration filed on the application filing date of June 9, 2005, there is a transliteration error in the spelling of the name of the fourth inventor.

The first name "Tsuyoshi" was incorrectly included rather than the correct "Takeshi." Both of these names are translations of the same Chinese character.

According to MPEP §201.03, a request under 37 CFR 1.48 is not required where a transliteration error in the spelling of the inventor's name is discovered. Rather, the MPEP indicates that the Office should simply be notified of the error and that a new oath or declaration is not required. The MPEP also indicates that reference to the notification will be made on the previously filed oath or declaration.

However, in light of the new system in which the PTO scans all documents into electronic form, Applicant is concerned that the "reference to the notification" will not or cannot be made by the PTO on the originally filed Declaration. Also, the inventor signed the incorrect first name so as to match the erroneously transliterated first name. In light of these factors, a substitute Declaration

is submitted herewith in order to ensure that the correctly transliterated name of the fourth listed inventor is properly made of record in the application.

Should there be any questions, please contact the undersigned by telephone.

Respectfully submitted,

Kazuhiro NISHIKAWA et al.
